I would like to personally welcome you to our new Family Medicine Residency Program in Southwest Roanoke! The LewisGale Medical Center (LGMC) Family Medicine Residency Program welcomed its inaugural class of 8 residents in July, 2019. We are very excited to recruit those interested in exploring the possibilities in the new training program and working with our diverse patient population. We are looking forward to expanding primary care in our community, with your help.

Family physicians have the complex, yet rewarding, job of connecting with our patients and caring for them over many years; understanding not only their history but also the impact of the community on each individual life. With our comprehensive knowledge of the patient's medical and social history over time, the family physician can often diagnose and treat the patient within the context of their situation, family and community, thereby helping to improve clinical outcomes and lowering healthcare costs.

Despite the clinical care available in the region of Roanoke, Va., there is still significant need for improvement in our health outcomes based on the county health rankings and roadmaps. This gives us a unique opportunity to help not just each individual patient, but also the community as a whole. We are rewarded with this great opportunity to expand our primary care providers in the area, within our brand new family medicine clinic.

Our goal is to provide you with not just the best education, but to also develop and grow your leadership skills, with your wellness in mind.

At LGMC Family Medicine Residency you will thrive on your journey to becoming a compassionate, innovative, family medicine leader with the community-focused academic faculty in a friendly and supportive environment focused on physician wellness.

We look forward to hearing from you and meeting you in person!

**Shala Sundaram, MD, FAAFP**

# Things to do in Roanoke, VA and surrounding areas

- We are famous for our Mill Mountain Roanoke Star and Park – a “must see” on most visitors’ lists. An 88-foot manmade star (the largest in the world) sits on majestic Mill Mountain surrounded by landscaped city park, hiking and biking trails, and a Zoo!
- Famous for our Blue Ridge Mountains
- Historical Downtown Roanoke attractions and many local restaurants and coffee shops to choose from. Saturday farmers markets are also held here during the summer and fall.
- Elmwood park is local amphitheater where outdoor concerts and festivals are held
- Many hiking trails, greenways, parks, and other outdoor activities to do in Roanoke and its surrounding areas
- Many historical buildings around Roanoke
- Virginia Tech is about a 40 minute drive from Roanoke – Hokie Sporting events
- Shopping malls and local boutiques
- Smith Mountain Lake offers boating, paddle boarding, jet skiing, and many other water activities

# About HCA Healthcare GME

HCA Healthcare is a comprehensive healthcare network with over 275,000 colleagues across more than 2,000 care facilities all committed to creating a positive impact every day. We continually invest in our colleagues and facilities to better serve our patients and local communities. The Graduate Medical Education (GME) programs seek to inspire tomorrow's physicians to care for and improve human life by focusing on patient-centered approaches to practicing the latest evidence-based medicine.

**To learn more about the benefits and expectations of training with an HCA Healthcare program, view our [Resident and Fellow Manual](#).**

Our residency and fellowship programs are in **59**  
hospitals located in **16** states

- ⊛ Residency or Fellowship Program
- HCA Healthcare Hospital

## Size

HCA Healthcare Graduate Medical Education is the largest sponsor of residency and fellowship programs across the nation.

**4,637**  
residents

**289**  
fellows

**218**  
specialty programs (residencies)

**79**  
sub-specialty programs  
(fellowships)

## Scholarly Activity

HCA Healthcare Graduate Medical Education provides a critical link between vigorous scholarly activity and real-world patient care from a sophisticated data repository of more than 32 million patient encounters each year.

**2,500+** HCA Healthcare GME scholarly activities in 2020-21.

## Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

**32+ million** patient encounters  
**7.4 million** emergency room visits  
**215,000+** babies delivered

HCA Healthcare Graduate Medical Education is a leader in clinical experience.

- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

# A commitment to scholarly activity

Based on more than 32 million patient encounters each year, our scholarly activity bridges the gap between compelling evidence and exceptional patient care.

Our experiential learning is rooted in evidence-based medicine that leads to innovative, **real-world patient health solutions**.

Merging the rigor of **ACGME** accreditation with high patient touch, our residents and fellows deliver evidence-based care that demonstrates our mission to care for and improve human life.

We offer **National Grand Rounds** that leverage accomplished clinical expertise from across HCA Healthcare, bringing the nation's leading medical experts to our residency and fellowship programs.

#### **Notable Publications**

- *JAMA Internal Medicine*
- *Annals of Surgical Oncology*
- *CHEST Journal*
- *American Journal of Respiratory & Critical Care Medicine*
- *Obstetrics & Gynecology*

#### **Notable Presentations**

- American College of Cardiology
- Society of Critical Care Medicine
- American College of Physicians
- Society of Hospital Medicine
- American College of Surgeons

## **Influential Collaboration**

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated researchers to guide them through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

**HCA Healthcare Scholarly Commons** is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. During 2020, readership of those works eclipsed the 25,000 mark. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients. In its first year of publication, the journal disseminated 86 articles in six issues as well as a seventh special issue on the COVID-19 pandemic.

# About HCA Healthcare

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.
